

Batch Recall

Revozyn RTU 400 mg/ml Suspension for Injection for Cattle

VPA10989/071/001

Batch Number 23G043, Expiry date Jun 2025

Date: **25th March 2025**

Dear Veterinarian,

We wish to advise you that the above referenced batch of Revozyn RTU 400 mg/ml suspension for injection for cattle, VPA10989/071/001 is being recalled with immediate effect.

The recall is to Veterinarian level and the action has been agreed with the Health Products Regulatory Authority (HPRA).

The recall is due to a stability failure in relation to the resuspendability parameter.

You are requested to perform the following actions:

1. Check your current inventory and immediately quarantine any units of this batch which you have in your veterinary surgery.
2. If you have supplied units of this batch to any other surgery, pharmacy or any other healthcare facility, please contact them and request that they return any unused units to you.
3. Contact the wholesaler from which you purchased the stock to arrange for the return of all quarantined units with the attached form completed. Please return stock by within one month of date of the letter being sent **25-03-2025**. Please ensure the product is packed in suitable containers to avoid any damage in transit.

Replacement stock is available to order at this time.

Thank you for your cooperation. Please contact eu.recall@dechra.com if you have any queries in relation to this notification.

On behalf of Dechra I would like to apologise for the inconvenience this issue may have caused you.

Yours sincerely,

Country Manager

Revozyn RTU 400 mg/ml Suspension for Injection for Cattle
