

Patient Card

SANDOZ

ROWEX

This card contains important safety information that you need to be aware of before you are given Etanercept and during treatment with Etanercept.

If you do not understand this information, please ask your doctor to explain it to you.

- Show this card to any doctor involved in your treatment.
- See the Etanercept package leaflet for more information.
- Keep this card with you during your treatment with Etanercept and for 2 months after the last Etanercept dose, since side effects may occur after your last dose of Etanercept.

Infections

Etanercept may increase your risk of getting infections, which could be serious.

- You should not use Etanercept if you have an infection. If you are not sure, ask your doctor.
- If you develop symptoms suggestive of infections, such as fever, persistent cough, weight loss or listlessness, seek medical attention immediately.
- You should be evaluated for tuberculosis (TB). Ask your doctor to record the dates and the results of your last screening for TB below:

Test: _____

Date: _____

Results: _____

Test: _____

Date: _____

Results: _____

Please ask your doctor to list your other medications that may increase your risk of infection.

Other information (please complete):

Patient's Name: _____

Doctor's Name: _____

Doctor's Phone: _____

It is important that you and your doctor record the brand name and batch number of your medication.

Brand Name: _____

Batch Number: _____

If you get any side effects, talk to your doctor, pharmacist or nurse. By reporting side effects, you can help provide more information on the safety of this medicine. You can report side effects directly via HPRA Pharmacovigilance Website: www.hpra.ie. Side effects can also be reported to Sandoz preferably at [HTTPS://PVI1J.SOLUTIONS.IQVIA.COM](https://PVI1J.SOLUTIONS.IQVIA.COM) or by emailing adverse.event.ireland@sandoz.net

Date of Preparation: 01/2026
HPRA approved: 04/2026
